**STAND FOR UNITY, SOLIDARITY AND HARMONY FOR THE PEOPLES  
OF EUROPE**

**The European Union is a group of 27 countries in Europe.  
These countries came together to make things BETTER,  
EASIER and SAFER for people.  
They agreed to work together and help each other.**

**The European flag signifies both the European Union and the Council  
of Europe, more broadly, the identity and unity of Europe's 47 states.**

**All countries that are part of the European Union work together to make sure that:**

- **There is peace in Europe**
- **People have good lives**
- **Things are fair for all people and nobody is left out**
- **The languages and cultures of all people are respected**

**After the European Union was created, there were no more wars between the countries that are part of the European Union.**

**Thanks to the European Union, all countries in Europe work together in peace.**

**The European Union made it easier for people to move freely from one country to another.**

**They can live, study or work in any country of the European Union they want.**
